

► SCIMATHMN

A nonprofit education and business coalition established in 1993, engages STEM stakeholders in information and issues regarding quality STEM teaching and learning.

► MISSION

SciMathMN advocates for effective, engaging, and rigorous STEM education opportunities for all Minnesota students, preparing them for citizenship, career, and college.

► VISION

All Minnesota students graduate STEM-ready for life and work.

► MAJOR INITIATIVES

MN STEM TEACHER CENTER

Minnesota STEM Teacher Center

This highly successful award-winning online resource for teachers, administrators, and parents provides teaching tools for each of Minnesota's math and science standards.

www.scimathmn.org/stemtc/

MINNESOTA STEM NETWORK

MINNESOTA STEM NETWORK

Formed in 2010, the Minnesota STEM Network is a grassroots initiative to form a community of practice among STEM stakeholders to work toward common goals of STEM awareness, quality teaching and learning, and increased interest in the STEM workforce.

www.scimathmn.org/mnstemnet

COMMUNICATIONS AND MEDIA

SciMathMN maintains STEM informational websites and distributes quarterly newsletters, monthly updates, and social media on state and national developments in STEM education and workforce development, STEM promotion, events, and exceptional practices.

www.scimathmn.org

POLICY MAKER BRIEFINGS

Open briefings inform legislators and other stakeholders about regional and national developments in quality STEM teaching and learning.

TIMSS ANALYSIS

The Trends in International Mathematics and Science Study compares the performance of Minnesota students to students around the world. SciMathMN coordinated the data analysis and dissemination of our most recent TIMSS results.

STEM DAY AT THE MN STATE FAIR

Held on opening day of the State Fair, SciMathMN and its outreach initiative, the Minnesota STEM Network, hosts STEM-based stage shows, exhibitors and hands on activities for all audiences.
